

BENCHMARK PROJECT MANAGEMENT (UK) LTD – CASE STUDY

Title

Swimming Pool Works – Yate LC

General Scope:

Work included:

- Enabling works to allow replacement of underground pipework.
- Formwork and pouring of concrete to new profile of steps in the leaner pool.
- Installation of steelwork to the leaner pool steps and the main pool capping.
- Pouring mass concrete during two phases into the formed plinths in the main pool.

Dates:

June-July 2017

Client:

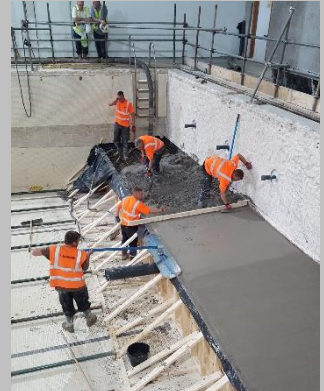

Ian Williams

Value:

£25,000.00

Innovation:

- Benchmark was invited to assist with the major overhaul of the heating system to the leisure centre's swimming pools. This included the enabling works of uncovering the existing systems underground pipework, construction of new steps to the learner pool and the concrete capping of the deeper end of the main pool.

Customer Satisfaction:

“Really happy with the quality of the works and your ability to safely deliver to program”.
